

Options to install 360° Pivot Hinge on Shower Channel Header Kit

360° Pivot Hinge
(SSSFCH103H)

The D Profile Shower Channel Header Kit (SSSFCH103), available in 3 finishes, comes with a L-shaped wall bracket in the box.

To install the 360° pivot hinge (SSSFCH103H) on the channel header, there are two options:

<p>1. Changing the wall bracket.</p> <p>Change the L-shaped wall bracket, and use a separate wall bracket (SSSFCH103D) to install the 360° pivot hinge with the included base (shown below).</p>	<p>2. Changing the hinge plate.</p> <p>Change the hinge plate, and use the hinge adapter (SSSFCH103G) that fits with the L-shaped wall bracket to install the 360° pivot hinge after removing the included base (shown below).</p>
