YES

NO

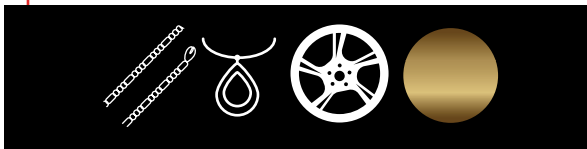

Stainless Steel?

YES

NO

High use and abuse?

YES

NO

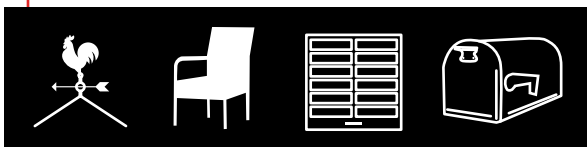

Mirror polish?

YES

NO

Painted, Anodized or Architectural Metal?

YES

A clear coating providing protection for most surfaces from environmental damage, while helping to prevent the spread and growth of bacteria.

A tough, thin, clear coating for high touch surfaces providing protection from salt damage, tarnish, corrosion, and oxidation.

A clear, protective UV coating formulated to restore colour and luster to dull, faded, oxidized metal of any colour. Add years of protection from tarnish, oxidation, and corrosion.
